Frocks that are New, Smart and
So Delightfully Different

New Color Shades—New
Smart Patterns

Floral and modernist prints in high
shades, coin dots, polka dots and small
figured designs, in delicate dahlia shades,
poppy reds, apricot, receda green, orchid
and light blue in beautiful combinations,
in dainty pastel shades.

New Summer Fabrics

Dainty fabrics, possessing the charm of
Summer have been used exclusively in
fashioning these fascinating dresses.
Corded dimities and sheer lawns, pique
in white and polka dots in all colors,
fancy prints in tailored and semi-tailored
models, and linens in beautiful pastel
shades, trimmed with contrasting colors.

All Brand New—Just Purchased
By Our Buyer Who Has
Been In New York All Week

EVERY day we hear misses and women who have difficulty in finding a dress to fit them, complain they can never find the smart spring styles in dresses such as those in the regular sizes.

And so we have had our buyer purchase great quantities of half size dresses to fit those of you who are shorter or taller than the average figure.

Half Sizes From 14½ to 26½ and
From 36½ to 50½!
Navy Georgettes, Plain and Printed
Flat Crepes and Chiffons

And all these dresses were purchased from dress makers who make half size dresses exclusively. From makers who know just how to proportion a frock to fit the half size figure—whether it is short or tall.

Just visit our Dress Department tomorrow and convince yourself that you can find a dress (or several dresses for that matter) to fit you as smartly and as becoming as if your figure required an average size.

SLEEP NAMED

C. Bassett Sleep, Republican national committeeman from Virginia and one-time secretary to President Coolidge, was nominated for congress by the Ninth District Republicans for the eleventh time. Sleep's nomination places him in opposition to John W. Flanagan, Democrat.

The father and mother are desperately poor and will have to make a living. Peter has great luck in the city and returns home with good food, only to find that Gertrude has sent the children out for food, thinking that unless she did they would all starve to death. At the end of the first act, they go in search of Hansel and Gretel.

The opera made fine entertainment.

First Pictures of Byrd's Return

©ASSOCIATED PRESS

After two cold years in the Antarctic, Admiral Byrd and his courageous associates are back to civilization and their arrival is strikingly portrayed in the pictures shown here, taken on arrival of the party at Dunedin, New Zealand. These pictures, the first to arrive in this country, are copyrighted telephotos furnished by the Associated Press.

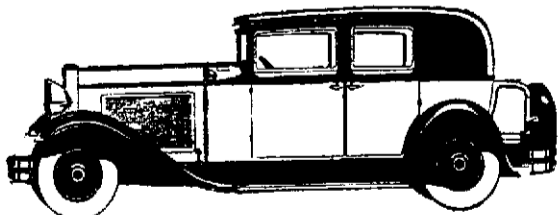

The top picture shows Admiral Byrd and his pet fox terrier, mascot of the south pole expedition leaving the exploration ship the City of New York, on arrival at Dunedin. The middle photo shows Byrd's ship coming into port at Dunedin after its two-year voyage in ice clogged seas. Below Byrd is shown dictating messages while enjoying a cigar after his arrival at Dunedin.

All of these photos were conveyed by airplane from the Panama canal to New York City by Lee Schoenholtz and then relayed to Associated Press papers throughout the country by telephoto process.

The Car you've always Wanted to own

Even the average motor car budget today buys an out-of-the-average motor car—the Nash "400."

Here is the kind of a car you've always hoped to own—one that will convince you and everyone who rides in it that money can buy nothing finer.

It is built differently from most cars, enriched in design by the newest and finest engineering excellence, and built in the three great Nash factories where the highest ideals of craftsmanship prevail.

Here are the most advanced type of precision machines and methods so that Nash craftsmen may build for superior accuracy and quality.

Note These Outstanding Nash Features

Centralized chassis lubrication, built-in automatic radiator shutters, and the world's easiest steering in every model. Adjustable front seats. Steel spring covers with lifetime lubrication in the Twin-Ignition Eight and Twin-Ignition Six lines. The precision protection at an extra cost of Duralon, non-shrinkable plate glass in all doors, windows, and windshields through the Twin-Ignition Eight line. This glass is also available at slight extra cost in all other Nash cars.

BLAST LEAVES SCENE OF RUIN

Fireworks Plant Explosion Wipes Out Buildings and Kills 10.

By The Associated Press
PHILADELPHIA, April 2.—The scene of the Pennsylvania fireworks explosion at the site of the city's largest fireworks plant today was a scene of ruin. Ten people were killed and more than 90 others injured in the explosion, which destroyed the plant and surrounding buildings.

Ten killed and 90 injured in the explosion, which destroyed the plant and surrounding buildings. The explosion occurred at the site of the city's largest fireworks plant today.

After searching the smoldering ruins without finding additional bodies, the firemen said they believed all the victims had been accounted for. All the killed were employees at the plant, but many of the injured were in their homes nearby.

State police estimated that at least 200 homes had been damaged.

TO FINISH OPENING ROUND OF TOURNEY

Hamilton, Ohio, Meets Vincennes, Indiana, in Y. M. C. A. Cage Meet.

By The Associated Press. CHICAGO, April 4.—Completion of first round games and the opening of the second round was on today's international Y. M. C. A. basketball schedule. Two of the outstanding teams of the tournament were matched in the first of the second round contests at 11 a. m. today. They were Hamilton, Ohio, which yesterday defeated Sunnyside, Tenn. 35 to 18, and Vincennes, Ind., which eliminated Adams Branch of Detroit 20 to 21, from the championship struggle. The only other second round game already scheduled was between Kansas City 32 to 30 victor over Cambridge, Mass., and Portsmouth, O., which upset Greenwich, Conn., 23 to 21. Other victors yesterday and last night were Lincoln, Neb., which downed Northern Branch, Detroit, 21 to 23, the defending champion Buffalo, N. Y., which defeated Eaglewood of Chicago 20 to 22, and Montclair, N. J., 23 to 21 conqueror of Naperville, Ill.

WINS FIVE STARTS TO AMASS TOTAL OF \$15,500 IN PRIZES

Gene Sarazen Second with \$13,500, Others Far Behind

By The Associated Press. ATLANTA, April 4.—Gene Sarazen, the wandering professional who earned his golf in Missouri Ozarks not only has pocketed the most money but also has won more tournaments than any of his fellow cash performers. Victorious in five tournaments finishing second in six and placing fifth in a number of others, Sarazen accumulated prizes of \$15,500. In addition he played in many tournaments and exhibition matches. Gene Sarazen, a New Yorker who won golf's largest prize of \$10,000 at Augusta, Ga., ranks second with \$13,500 for his season's labors. The other pros are far behind. Sarazen led a successful period on the Pacific coast, winning the Pasadena Berkeley and Portland Open. He was second to Craig Wood in the Hawaiian open.

ROCKNE POPULARITY CAUSE OF ILLNESS

Notre Dame Grid Mentor Paying Price for Inability To Say, No.

BY DAVIS J. WALSH. NEW YORK, April 4.—A word of advice from a bed-ridden mentor of Notre Dame's football team, who has been unable to say "no" to the requests of the players, may be the cause of his illness. The mentor, who is now in bed, has been unable to say "no" to the requests of the players, who have been asking him to let them play. GIANT TEXANS MAY WIN CHAMPIONSHIP

National Champions for 1929 Heavy Favorites To Win Basketball Race.

By The Associated Press. CHICAGO, April 4.—The second straight year a band of red-shirted giants from Athens, Texas, stands out as the team to beat in the annual struggle for the national high school basketball championship. As the fight for the crown entered the quarter final round today, there were but few among the large throngs of thrill-seeking spectators who expected to see the Texans defeat the seven teams from Georgia, one each from Louisiana, New Jersey, Kentucky, Wisconsin, and Wyoming still had hopes, but it appeared to be only the hopes of flailing high school boys. Last night the Texans gave a demonstration of their power at the expense of the Y. M. C. A. Day school team of Chicago, which previously stunned the tournament by upsetting Florida's state champion Robert E. Lee of Jacksonville. They used their first string line-up for the first period and ran up 19 points to none for the Chicago team in seven minutes. Then they sent in the second team and it polished off the job with a 29 to 13 victory. Wheatland, Wyoming's champion team meets the defending national champions tonight. The wheatland team has one big chance of stopping the Hornet parade to another title because they sink em for long latitudes. The other six battles of the round are of the toss-up variety.

"LOVE LIKE OURS CAN NEVER DIE," MUTTERED MARMADUKE THICKLY.

"You'd be surprised," replied the sprightly Sophia. "With a rasping voice like yours, love is likely to fly out of the window and land on the back of its neck. What our love needs is insurance."

"What insurance?" he wondered.

"The insurance of OLD GOLD, boy friend. Throat-case and tender tones caused by the mellow, mild heart-leaf tobacco, vocal cords that act without a struggle; no tickle, scratch or scrape. OLD GOLD yourself, Marmie, and we shall be inseparable. There's not a bark in a billion."

Marion Star Staff Writer

COLUMBUS, April 4.—Insanity has played a part in a large number of murder trials.

"Oh, hell, probably plead insanity," has usually been the path of least resistance, to a number of men accused slayings.

The new Ohio criminal code has sought to regulate insanity pleas by requiring a defendant who is going to make such a plea to do so in writing before his case comes to trial.

Questioning of the constitutionality of this provision today is before the Ohio supreme court.

The case involved a trial of Robert Evans, Cincinnati, who recently was granted a stay of execution from death in the electric chair at the state prison here. Evans, convicted of killing Mrs. Louise Robinson, was to have died April 4.

Through his counsel Evans claims that he was barred from a jury trial because the trial judge took away from the jury the right to consider the question of his sanity, on the grounds that he had not made his plea prior to the opening of the trial. As a result the jury could do nothing but convict, the attorneys contend.

PARENTS may take in on this:

Dr. Harry C. Myers, of Cleveland, came to Columbus the other day and talked on how we raise our children.

Said Dr. Myers: "If you and I were as disinterested as our friends as we are to our children, we would soon lose all our social prestige."

"Simply because they are our children we treat them as we would our brooms, our powder puffs, or our furniture."

"We butt in on their conversation, we answer questions for them. It is natural. We think we can express their thoughts better than they can."

"But in doing such things, we make our children feel inferior and that is dangerous."

NEW THINGS OF INTEREST TO WOMEN

**Spends Monday Doing
Heavy Washing— Yet hands are caressing,
satin-soft that night**

New Method Saves Hands—Use Any Kind of Soap

It sounds too good to be true—that you can do your own washing and still keep lovely soft hands. Yet thousands of women are enjoying it today.

To spend Monday hours in the laundry—and that very evening to have caressing, soft, white hands—is a problem that has now been solved in an interesting new way.

Use any kind of soap, soap powder or soap flakes, for washing in either tub or machine. But add 2

tablespoons of CLIMALENE to the water.

This enables you to use ONE-FOURTH the usual quantity of soap. For it softens the water instantly, so that far less soap is needed.

Then by bland cleansing elements in ITSELF, Climalene acts to gently DISSOLVE any food stains, grease or dirt in things being washed. Thus they emerge soft, spotless, utterly without fading.

Containing superlative SKIN WHITENING and SKIN SOFTENING ingredients—used by scores of beauty specialists—it leaves the hands soft and lovely beyond words.

Women are flocking to it. It costs only a dime at grocers. Try it. Just ask for Climalene.

Instant Lather in Any Water

Out dated are the old, slow, lazy soaps of yesterday. Today we wish moderns must have this amazing modern improvement—the quick-lather marvel for men and women of this high pressure age.

Only the makers of this fast-action soap know the secret of making a soap-cream out of fine coconut oil. That's why it instantly dissolves into mountains of gentle, quick-acting lather in hot or cold water—hard or soft!

It's better for your skin too—because of its pure, bland coconut oil—nature's own beautifier which leaves skin soft, smooth and snowy white. Yet men say it cleans up dirt, grease and grime like magic. And actually removes dangerous germs.

Make this test. Get this magic soap at once—only 10c for the big over-size cake. See for yourself how superior its rich, creamy lather.

Blending of Flavors Seen as Real Art in Cooking

MY neighbor at the dinner table was a great traveler, and after a few moments he made it plain that he was also something of an expert. He had been traveling some of our native American foods, but he admitted a two universal fault, which he said, "Your American housekeepers must have learned from the swanky hotels. Simple home cooking I have found delicious in many parts of your country, but it is when your women embark on fancy effects that they stumble. Why, for instance, do you go in for mixtures that really do not blend?"

"For instance?"

"This fruit cup is a fine example. There were two or three fruits—apple, pear, orange, but as a blend, no. Certain fruits blend best together. Apples and pears go well together. They are what I say, harmonious. But a delicately flavored peach is lost when mixed with a strongly and fruit like orange. Surely anyone can know that by a simple comparison."

Blending is an art. But his chief complaint was against our two orange salads. "Yesterday," he pursued the subject fully, "I had a beautiful salad. The luncheon at a smart restaurant. The main dish was a shrimp salad. Shrimp is delicious, but its flavor is very mild, and our chef served it with every kind of vegetable without endangering the loss of flavor. One should not even put pepper on shrimp, as it is too powerful. A dash of curry is sufficient seasoning and not so strong as to overwhelm the shrimp. But this particular salad of shrimp was recognizable only to the eye on such. The flavor was completely dominated by the other ingredients, which consisted of a strong mayonnaise, some capers, and, will you believe it, may slices of pineapple, which has perhaps the most pronounced flavor of all native fruits."

As a matter of fact, the blending of flavors is the superlative art in cooking. It's not to be learned from books alone. Partly it's a gift, and partly it comes from conscientious experiment and careful observation. But the average housekeeper with a liberal assortment of spices on her shelves and access to fresh vegetable

HAROLD WADDELL HAS LEAD IN O. W. PLAY

"An Old Spanish Custom," is Take-Off on European Trip of Glee Club.

Harold Waddell, of 452 South Vine, and Miss Marie Felton, of Goldenboro, N. C., shown above, have the leads in the musical comedy, "An Old Spanish Custom," which will be given at Ohio Wesleyan university April 10, 11 and 12, by Phi Mu Alpha, honorary musical fraternity.

Waddell, a sophomore at Ohio Wesleyan, has the leading male part of Don Pedro, a member of an American college glee club which is touring Spain, who assumes the role of a

Spaniard. The comedy is a take-off of 1900s fun. When the ship was on an European trip taking up the Ohio Wesleyan glee club, the captain of the ship was killed by the flames.

Latin atmosphere is to be kept throughout, by Joe Goodman, a 1935 valedictorian of Ohio Wesleyan, who will entertain with a variety of dances. The home-land, featuring today is expected with political affairs of the house. The grand finale is a musical number of the country's song and a good show of one of the country's features.

TWO LEAP TO DEATH OFF FLAMING PLANE

Lives Would Have Been Saved Had Men Stayed with Ship, Probers Believe.

By The Associated Press
TULSA, Okla., April 4.—(U.P.)—A fatal plane crash on Tuesday has played a tragic role on two student airplane pilots who jumped to their death without parachutes from a flaming plane which later made a perfect three-point landing and rolled to a stop.

The plane, piloted by Louis Gripplin, 27, of Tulsa, Okla., yesterday caught fire while alone a golf course, apparently from a cigarette tossed into the highly inflammable fuselage. Gripplin and Joe Bryant, 26, of Cherokee, Okla., jumped to their death.

The plane, a two-engine biplane, was flying at an estimated height of 150 feet.
